The best choice

品牌优势 BRAND Advantage

我们聚焦整个行业供需链条的生产端，投入巨资在产品开发验证，实验检测设备、自动化生产设备、流水线创新等工业生产必备要素。首家把LED照明灯具和机械自动化生产设备同步开发结合一体，更有效控制产品和设备匹配精准度，进而控制产品质量、提高生产效率、降低运营成本。
We focus on the production end of the supply and demand chain of the entire industry, and invest heavily in product development and verification, experimental testing equipment, automated production equipment, assembly line innovation and other necessary elements of industrial production.

High efficiency **S**ufficient power **G**reat heat dissipation

Our company

Hua Lighting

Our main products are mainly industrial lighting, including street lights, high bay lights, flood lights, solar street lights, solar flood lights, etc., we have die-casting workshops, mold workshops, powder spraying workshops, finished product workshops, etc., is a manufacturer of outdoor industrial lighting products.

COMPANY PROFILE

Our production base is located in Zhongshan, Guangdong, covering an area of more than 30 acres, with a total number of about 400 employees, and about 50 professional engineers. The company has advanced professional production equipment and professional technical team, opened up the upstream and downstream lighting industry chain, achieved the ultimate cost performance, and is committed to providing customers with high-quality, high-performance, cost-effective industrial lighting products

Design Refinement

We pursue fashion trends, and with our core design and mold development capability, we have successfully created the value of the brand, and the structure of lamps. Over more than, we focus on the application of LED light sources, our R&D ability is more advanced in LED industry. We repeating rigorous and experimental tests, we undergone strict and thorough inspections from appearance aesthetics, light efficiency, heat dissipation structure, electrical standard to the convenient and safe installation, just strive to make every pieces goods perfect in design and structure.

PRODUCT ADVANTAGES AND FEATURES

- ◆ Integrated cooling design, elegant, efficient
Streamline design, beautiful appearance, no accumulation
- ◆ Die-casting aluminum case, excellent heat dissipation performance, durable
- ◆ Durable outdoor painting process of the product, excellent quality.
- ◆ anti-corrosion and anti-rusting performance, widely used in different environment
- ◆ Light transfer efficiency up to 94%, easy to improve in the future
